FAQs

- **I didn't accept the planning grant in Fall 2018, and I'm still CSI, can I participate in the implementation grants?**
 - You aren't able to compete for an implementation grant since you have to do the planning grant first. You may be able to apply for a planning grant if funding is available.
- **Who is eligible for the implementation funds competition?**
 - Those that applied for planning grant in 2018, and fulfilled objectives of that grant, may apply for more. This is in addition to the March 2019 initial implementation funds.

FAQs

- **How do I access my implementation funds from March 2019?**
 - Submit your CNA/SIP through [DOE online](#) by October 11, 2019.
 - Once approved by IDOE, then your designated Federal Grants Specialist will allocate the funds to FY20.
- **I'm at a high school that is CSI due to federal graduation rate only (excluded general diploma). Can I participate?**
 - If your school participated in planning grant, then IDOE already provided initial implementation funds. Beyond these funds, your school will not eligible for more unless designated as CSI in future.
